

# NEIUUF Mission Statement

---

Mindful of the principles that guide Unitarian Universalism, we choose to create a spiritual community, to support each other in our joys and sorrows, to learn from one another as we grow and expand our knowledge of the mystery of life, and to honor our exploration for truth and meaning. Recognizing that life is a gift, and that love is our highest value, we seek to help create a more just and equitable world by our individual and common actions.
